PROFESSIONAL SUMMARY

INFORMATION TECHNOLOGY

IT professional with strong hardware and software expertise, specializing in problem-solving and root cause analysis. Skilled at communicating technical concepts to non-technical audiences while delivering exceptional customer service. Experienced programmer with focus on data management, accuracy, and product development. Thrives under pressure and tight deadlines with independent problem-solving abilities. Proven track record in administrative oversight, recruitment, and building strong customer relationships.

ARCHITECTURE

Experienced Architect specializing in innovative, functional, and visually striking design across all project phases—from concept to construction oversight. Expert in client collaboration, sustainable design principles, and energy-efficient technologies, with proficiency in CAD and 3D modeling tools. Recognized for delivering high-quality, code-compliant buildings through creative problem-solving and exceptional communication. Committed to integrating cutting-edge design with practical execution and environmental responsibility.

WORK HISTORY

06/2021 - 01/2022
